sinbrella[®] DIMENSION

THE DIMENSION COLLECTION

The Dimension Collection reveals the creative potential of familiar environments. To create a fresh and updated environment, not everything has to be new. New dimensions manifest by layering or repurposing existing objects with fabric.

Fusing extraordinary plains with unique jacquards, the fabrics of Dimension use color, texture and pattern to inspire dynamic settings. Each pattern introduces unexpected color combinations, complex weave structures and striated yarn rotations that create exciting and distinctive textiles for use in everyday spaces.

Integrating trusted Sunbrella® fabrics like Cast with new explorations of texture through patterns like Depth, Dimension creates connection and relevancy between Sunbrella's existing collections Elements, Shift, Makers and Pure. As aesthetics shift, Dimension bridges the gap between every evolution of thought and taste, creating spaces that seamlessly reflect who we are.
