About

3BEACHES TEXTILES

The 3Beaches Collection is a luxurious and versatile range of outdoor performance fabrics, inspired by the beauty of Australia and created for the world. Designed for commercial, residential, hospitality, and marine applications, our fabrics offer a carefully curated palette of timeless and contemporary colours, textures, and patterns.

Crafted in a state-of-the-art facility using premium Sunbrella® yarns, 3Beaches outdoor fabrics are engineered to last. They resist fading, sunlight, and chemical exposure while maintaining their refined appearance. Soft to the touch yet exceptionally durable, the collection balances effortless care with sophisticated style.

At 3Beaches, excellence is our standard. Designing world-class outdoor performance fabrics is not just what we do, it is our passion—always inspired by Australia, and always created for the world.

Our Founders

Niamh Brennan & Sonya Romeo

Niamh and Sonya met in 2014 at the Australian Institute of Creative Design. Sonya Romeo was lecturing in interior and surface design, and Niamh, a practicing Lawyer and property developer at the time, was studying at the institute.

While working on property development, interior and surface design projects, the co-founders discovered the textile market was lacking bespoke performance fabrics suitable for outdoor applications. From there, Niamh and Sonya designed the artwork for what would eventually become the Coast Collection, 3Beaches first collection.

In its infancy, the Coast Collection was printed onto fabric base cloths of various compositions via a process called dye sublimation. After testing these printed fabrics in the elements, it was clear they could not withstand Australia's harsh outdoor climate. The ethos of 3Beaches was born - to produce stylish products of uncompromised excellence.

In their quest for quality and durability, 3Beaches aligned themselves with Sunbrella, the world leader in performance fabrics. The Coast Collection was then woven with the composition 100% Sunbrella acrylic.

Remaining the owners today, and the driving force behind 3Beaches. Sonya Romeo and Niamh Brennan have continued to collaborate with Sunbrella to curate and design further best selling collections for interior, exterior and marine upholstery.

Unapologetic in our demand for excellence, we guarantee quality and durability in all of our products.

Relax with 3Beaches, we've got you covered.

CLOUD & BLUE GREYS

Soft, cool, and refreshing blue greys evoke a sense of calm in a space - creating a serene, natural environment inspired by coastal living. Touches of light blues with grey undertones, add thoughtful colour to an otherwise neutral palette throughout an interior or exterior space.

PINK & CHERRY BLOSSOM

Soft, delicate pinks and blossoming cherry tones bring warmth and elegance to any space — evoking a sense of romance and natural beauty inspired by Australian landscapes in bloom. Gentle blush undertones and richer cherry accents create depth and sophistication, offering a harmonious balance of subtle colour and bold statement. Perfect for both indoor and outdoor settings, these hues add a refined touch that uplifts interiors while blending seamlessly into exterior environments.

Sampling Solutions

At 3Beaches, we know that truly appreciating a fabric begins with the experience of seeing and feeling it firsthand. To support your projects and our trade partners, we offer a range of thoughtfully designed sampling solutions, created to make the specification process effortless and inspiring.

Individual Memo Cards

Each memo card showcases a swatch of fabric, allowing you to experience its texture and finish firsthand. The reverse side features a refined overview of the fabric's description and performance properties, while the underside of the swatch details its technical specifications. For reversible fabrics, both faces – light and dark – are presented by flipping the fabric over for a complete view of the design.

Trade Program Clients

- **Individual Memo Cards** – Flexible single samples, available on request for projects of any scale.
- **Full Memo Box** – A beautifully crafted, compact box housing the complete collection of memo cards. Designed to be both portable and display-worthy, it is the perfect companion for studio presentations and client meetings.
- **Hanger Options** – Larger format hangers for a more immersive experience of texture, drape, and scale.
- **Custom Sampling** – Bespoke sampling solutions tailored to your practice. Our team will work with you to create options that suit your specific needs.

Sustainability & Certificates

3Beaches is committed to environmental responsibility. Our fabrics, milled by Sunbrella®, are rooted in sustainability, with care taken at every stage of production – from the development of fibers and yarns through to the weaving of each fabric.

Sunbrella & 3Beaches Initiatives

Goal of Zero Waste to Landfill

All Sunbrella facilities are focused on minimizing waste and recycling as many materials as possible. Our manufacturing facilities already divert over 90% of waste, and we continue to expand our waste minimization efforts with new goals for 2022.

Wastewater Reduction

Sunbrella solution-dyed, upholstery fabrics reduce wastewater compared to the conventional coloring processes.

Solar Power

Glen Raven owns and operates solar arrays at the plants in Anderson, South Carolina and in Norlina, North Carolina. They collectively generate 1.5 megawatts of energy—capable of producing enough energy to power over 150 homes.

Less Waste

Sunbrella ensures you are getting a product that lasts longer and needs to be replaced less often, ultimately creating less waste.

Certificates

GREENGUARD Gold

Sunbrella upholstery fabrics are GREENGUARD certified for low chemical emissions, contributing to healthy indoor air quality.

STANDARD 100 by OEKO-TEX®

Most Sunbrella upholstery fabrics have been tested in an independent laboratory to verify they do not contain harmful substances according to STANDARD 100 by OEKO-TEX® (19.HUS.73033 HOHENSTEIN HTTI).

ISO 14001:2015 Environmental Management

Our Anderson manufacturing facility has been third-party verified to meet the ISO 14001 Environmental Management standard, an international standard for organizations to reduce their environmental impact.

WAIT Program

We understand the importance of conserving the natural environment. Our Anderson, South Carolina facility participates in the statewide WAIT (Wildlife and Industry Together) program, conserving the plant and animal life surrounding the facility. Additionally, through tree planting, habitat restoration, Adopt-A-Highway cleanups, and planting gardens, all Sunbrella associates become involved in conserving wildlife at our facilities.

Care & Cleaning

3Beaches performance fabrics and products are easy to clean and built for long-lasting durability – standing up to all of life’s toughest messes.

One of the best ways to keep 3Beaches fabrics looking good is to brush off dirt and debris before it becomes embedded in the fabrics and to address messes and clean spills soon after they occur. The quicker you clean spills, the easier they can be to remove.

Try this first... With a new spill on your 3Beaches fabric.

- Blot (don’t rub) liquid spills with a clean, dry cloth.
- For oil-based spills, apply an absorbent such as cornstarch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap and water or use Sunbrella Clean™ Multi-Purpose Fabric Cleaner.
- Rinse the fabric.

Try this next... If your first try doesn’t get the spill out.

Though Sunbrella fabrics can be used both outdoors and in, your cleaning methods should differ slightly based on the fabrication and manufacturing of the furniture. We recommend using the appropriate cleaning instructions for your application.

Cleaning Removable Fabric

Outdoor Upholstery

Cleaning Removable Fabric

Hand Washing

Soak fabric in a solution of 1/4 cup mild soap per gallon of lukewarm water. Use a sponge or very soft bristle brush to lightly agitate the spill. Then rinse thoroughly to remove all soap residue and allow fabric to air dry.

Machine Washing

Some removable casings can be washed in the washing machine, however consult the furniture manufacturer before removing the casing as cushion construction may vary. To wash, first close all zippers. Machine wash in cold water on the delicate cycle with normal amounts of mild laundry detergent. For severe mold or mildew, add 1 cup of bleach. Allow fabric to air dry.

Cleaning Non-Removable Fabric

Prepare a solution of 1/4 cup mild soap per gallon of lukewarm water. Use a soft bristle brush to clean, allowing the cleaning solution to soak into the fabric. Rinse thoroughly to remove all residue and allow fabric to air dry. For best results when cleaning upholstered pieces, clean the entire surface area of the fabric, from seam to seam, instead of rubbing the fabric in a circular motion on the spill. This method, along with an extractor, may be required in order to avoid water rings and residue.

Oil-Based Stains

If a stubborn oil-based stain persists after cleaning, please refer to the instructions available on our *Cleaning Guide*.

Mold and Mildew

Sunbrella fabrics do not promote mildew growth, however, mildew may grow on dirt and other foreign substances if not removed from the fabric.

To remove mold and mildew:

- Prepare a solution of 1 cup of bleach and 1/4 cup mild soap per gallon of water.
- Spray on entire area and allow to soak into the fabric for 15 minutes.
- Clean entire surface area with a sponge, clean towel or very soft bristle brush.
- Rinse thoroughly to remove all soap residue.
- Air dry.

For severe mold and mildew growth, bleach quantities may be increased. Specific information on cleaning is available in our *Cleaning Guide*.

Indoor Upholstery

- Apply a light mist of mild soap and water using a spray bottle.
- Work the solution into the stain by lightly agitating the entire surface area of the fabric, moving from seam to seam, with a sponge or a very soft bristle brush. Avoid scrubbing, and do not use a hard-bristled brush or anything that will abrade the fabric.
- Rinse the entire fabric thoroughly to remove all soap residue.
- Blot excess moisture with a clean, soft towel or sponge.
- Blot or wet-vacuum excess water from the entire surface area of the fabric, moving from seam to seam.
- Air dry. Repeat rinsing and blotting until all soap residue is removed.

Machine Washing

Some removable casings can be washed in the washing machine, however consult the furniture manufacturer before removing the casing as cushion construction may vary. To wash, first close all zippers. Machine wash in cold water on the delicate cycle with normal amounts of mild laundry detergent. Allow fabric to air dry.

Oil-Based Stains

If a stubborn oil-based stain persists after cleaning, treat with a strong degreaser and rinse thoroughly. Specific information on cleaning is available in our *Cleaning Guide*.

Cleaning Guide

This chart contains our recommended cleaning methods of Sunbrella® fabric for common stains. For best cleaning results, spills and messes should be cleaned as soon as they occur. Set-in residue may require professional cleaning. After cleaning with the below solutions, always rinse fabric thoroughly and allow to air dry.

Spill/Mess	At-Home Solution	Sunbrella Solution
BBQ Sauce Beer Berries (Fresh, Jam, or Juice) Coffee Cola Tea Wine	Combine 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean™ Multi-Purpose Fabric Cleaner For any remaining discoloration, use Sunbrella Erase™ Spot & Stain Remover
Bird Droppings Urine Vomit	Combine 1 teaspoon (4 ml) of dishwashing liquid and 1 teaspoon (4 ml) of white vinegar per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner and white vinegar
Blood	Combine 1 teaspoon (4 ml) of dishwashing liquid and 1 teaspoon (4 ml) of hydrogen peroxide per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner and hydrogen peroxide For any remaining discoloration, use Sunbrella Erase Spot & Stain Remover
Butter Grease Mayonnaise Motor Oil Oil Paint (Wet or Dried) Salad Dressing Sunscreen Tomato (Fresh, Sauce, or Juice)	For fresh stains, apply cornstarch as an absorbent, remove excess with a straight edge, and clean up residual with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water. Follow with a strong degreaser.	Sunbrella Clean Multi-Purpose Fabric Cleaner followed by Sunbrella Extract™ Oil Based Stain Remover
Charcoal	Vacuum to remove excess and treat with isopropyl alcohol. Then clean with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner and isopropyl alcohol
Chewing Gum Crayon	Treat with isopropyl alcohol. Then clean with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner and isopropyl alcohol
Chocolate	Combine 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner For any remaining oil residue, use Sunbrella Extract Oil Based Stain Remover
Dye Transfer	Combine 1 teaspoon (4 ml) of dishwashing liquid and 1 teaspoon (4 ml) of isopropyl alcohol or bleach per 1 cup (250 ml) of water.	Sunbrella Renew™ Mold & Mildew Stain Remover

Spill/Mess	At-Home Solution	Sunbrella Solution
Ink Nail Polish	Treat with volatile solvent (100% acetone). Then clean with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner and acetone For any remaining discoloration, use Sunbrella Erase Spot & Stain Remover
Ketchup Mustard	Combine 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water. For any remaining discoloration, use a solution of bleach water or a bleach pen.	Sunbrella Clean Multi-Purpose Fabric Cleaner For any remaining discoloration, use Sunbrella Erase Spot & Stain Remover
Lipstick/Cosmetics	Combine 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water. Then follow with a strong degreaser.	Sunbrella Clean Multi-Purpose Fabric Cleaner followed by Sunbrella Extract Oil Based Stain Remover
Mildew & Mold	Combine 1 teaspoon (4 ml) of dishwashing liquid and 1 teaspoon (4 ml) of bleach per 1 cup (250 ml) of water. A stronger percentage of bleach may be necessary for severe mildew.	Sunbrella Renew Mold & Mildew Stain Remover
Pencil	Vacuum, then clean with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner
Rust	Treat with a rust remover such as CLR® and rinse thoroughly.	Treat with a rust remover such as CLR® and rinse thoroughly.
Shoe Polish (Liquid or Wax)	Apply cornstarch as an absorbent, remove excess with a straight edge. Then clean with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water. For wax polish, cover stain with towel and apply heated iron to remove surface debris before proceeding with above steps.	Sunbrella Clean Multi-Purpose Fabric Cleaner followed by Sunbrella Extract Oil Based Stain Remover
Tree Sap	Treat with solvent such as Murphy® Oil Soap, turpentine, volatile solvent (100% acetone) to soften and remove as much of the tree sap as possible. Repeat as necessary. Then clean with soap and water and rinse thoroughly to remove solvent.	Volatile solvent (100% acetone) and follow with Sunbrella Clean Multi-Purpose Fabric Cleaner
Wax (Candle)	Cover stain with towel and apply heated iron to remove surface debris. Then clean with 1 teaspoon (4 ml) of dishwashing liquid per 1 cup (250 ml) of water.	Sunbrella Clean Multi-Purpose Fabric Cleaner followed by Sunbrella Extract Oil Based Stain Remover

For effective use of Sunbrella Cleaning products, always follow the directions printed on the product packaging. Use only as directed.

After cleaning with these recommended solutions, rinse fabric thoroughly and allow to air dry.

For larger cleaning projects, multiply suggested cleaning solutions to fit your needs.
